

WP8 QUALITY MANAGEMENT

Final Report

July 2013

Cooperative Riunite Socio Sanitarie
Via Carlo Levi,75
88040 Sarrottino-Tiriolo (CZ) - ITALY

Table of contents

Introduction

Part 1 THE PROCESS. Monitoring the project performance

1.1 Overview of the project

1.2 The project activities and the products

1.3 Detailed description of the products of each activity

- Transnational mobilities: study visits reports
- Project activities on the web – the web site.
- Realization of the on-line course: the e-book, the Accreditation guide
- Dissemination and valorization: Dissemination Plan; Table on g-mail
- Realization of the Pilot studies : Guide for running workshops; Guide for the realization of the Pilot studies; Pilot studies Reports

Part 2 THE RESULTS. Evaluating the satisfaction of partners and users

2.1 Evaluation by project partners: the Meetings; the project trend

2.2 Evaluation by users. The e-book

Conclusions

Introduction

The evaluation activities were carried out during the entire project period (24 months) and included interviews with the project partners, to check how far the aims, tasks and procedures were understood and accepted or which problems appeared among the partners (e.g. shortfalls in the communication, etc.)

All technical results/contents were subjected to a Peer Review process in all partner countries, through partner schools as well as, where appropriate, government agencies, related professionals and NGOs. All WP leader were responsible for the quality of their deliverables. The team leader (Italy as coordinating institution) assisted all the partnership in the identification of any difficulties (e.g. time delays, quality, administrative management etc.) and helped resolve the issues

This last Evaluation Report will be a summary of all the activities carried out during the project. The Report is divided into two main sections, following the usual field of investigation of a standard evaluation activity:

The process, that is, monitoring the project activities and outcomes

The results, namely, evaluating the satisfaction of partners and users

PART 1 THE PROCESS. Monitoring the project performance

1.1 Overview of the project

1.2 The project activities and the products

We will monitor, by this part of the report, the project performance. First of all, we will verify if the partnership has realized the expected activities and outcomes, as set out in the project proposal.

We are going to read, in the table below, what each partner has delivered according to the distribution of tasks.

Table of activities/outputs

ACTIVITY		PARTNER	PRODUCTS/ OUTPUTS
1	Transnational mobilities	Italy - PAM Foundation	- Study visit - Vasto Marina, 26 th of November 2011 - Report on study visit
		Turkey – Silifke Public Education Center	- Study visit – Silifke, 9 th -10 th of December 2011 - Report on study visit
		Spain - Cutural Center of European Initiatives	- Study visit – Granada, 24 th of February 2012 - Report on study visit
		Bulgaria - Bulgarian Dyslexia Association	- Study visit – Rousse, 23 rd of March 2012 - Report on study visit
		Romania - Organizatia Salvati Copiii – Filiala Dolj	Study visit – Craiova, 30th and 31 st of May 2012 - Report on study visit
		Poland - Euro-Idea Fundacja Spoleczno-Kulturalna	- Study visit – Cracovia, 29 th of June 2012 - Report on study visit
		Spain - Cutural Center of European Initiatives	-Transnational mobility - Granada, 22 nd of March 2013 - Report on project meeting
		Poland - Poland - Euro-Idea Fundacja Spoleczno-Kulturalna	- Transnational mobility – Cracovia, 12 th of July 2013 - Report on project meeting
		2	Project activities on the web
3	Realization of the on-line Course	Italy (PAM) – Contents Each partner in its language	- E- book

		Bulgaria	- Accreditation guide
4	Evaluation	Italy – CO.RI.S.S.	- Intermediate Evaluation Report May 2012 - Intermediate Evaluation Report January 2013 - Final Evaluation Report June 2013
5	Dissemination and valorization	Turkey	- Dissemination and valorization Plan - Table on g-mail
6	Realization of the Pilot studies Testing of the e-book through Workshops and the internet sites	Romania Poland Each partner in its own country	Guide for running workshops Guide for the realization of the Pilot studies Pilot studies Reports

Comparing the project proposal towards the table above, we can conclude that the activities have been carried out according to the objectives and timetable set out in the proposal. The partnership has therefore been successful in achieving its goals.

1.3 Detailed description of the products of each activity

A deepened description of the products of the TIPS project will be provided in this chapter.

Transnational mobilities. They will be described through the Study Visits Reports, namely:

- Vasto Report
- Silifke Report
- Granada Report
- Rousse Report
- Craiova Report
- Cracovia Report
- Granada (2nd) Report
- Cracovia (2nd) Report

VASTO Study Visit Report, 26th of November 2011

The study visit of the PAM has been held in Vasto Marina on Saturday, November 26. Prof. Passafiume opened the meeting, welcoming the participants.

All the Partners of TIPS project attended to the visit, together with the Administration Manager of PAM, Dott. Francesco Nardizzi, and the Director of the Dislexia Center, Mrs Anna Scafetta. Some parents of the children assisted at the Center, some of the speech therapists and of the psychologist of the Center attended to the visit, too.

After a short summary of what had been done and talked about the TIPS meeting in the day before, Prof. Passafiume introduced Dott. Benito Michelizza, Foniatic Specialist of the Dislexia Center. Dott Michelizza briefly recalled the importance of the TIPS project. He stressed specifically the significance and the importance of exchanging ideas and experiences between participants from different European Countries and cultures, to better understanding dyslexia in relation to the cultural factors.

Prof. Passafiume presented the spaces, laboratories and equipments of the Dislexia Center; he illustrated the activity of the Center, for both the dyslexic children and their parents, showing examples of exercise, stimuli and activities to be performed both individually and in small groups;

the PC programs, the methodology and the activities programmed and proposed to the Dislexic Children has been showed to the participants to the visit by Prf. Passafiume.

This presentation has been followed by comments, contributions and remarks of the parents of the Dislexic Children. One of them (native English speaker) exposed the difficulties of her son and hers own when confronted with homework, or the difficulty of taking fast notes; she explained her feeling of frustrations and how she has sympathetic and impatient feelings at the same time, and the difficulty (for a good reader) to understand why the son is not able to read. Other parents expressed their accordance with this mother. Prof. Passafiume expressed the appreciation of all the Partners for the speech of the lady and of the parents, and stressed the help that this outburst represents for the preparation of the e-book.

Finally, one of the psychologists that cooperate with the Dislexia Center briefly exposed the activity of the center in supporting both the children and their parents.

With the thanks and greetings of the organization, the visit was concluded at 12.30, local hour.

The partners who were not in hurry to leave, had the opportunity to continue the visit to the Center and to the Rehabilitation Institute.

TURKEY- Silifke Study Visit Report, 9th of December 2011

The study visit was organized in Silifke Public Education Center and Evening Art School Directorate on Friday ,December 9.

Head Manager Musa Koroğlu opened the meeting, welcoming the participants. Attendees were Head Manager Musa Koroğlu,Assistant Manager Bünyamin Saygılı,Teachers Tahsin Şahin and Abit Arslan and from Bulgaria Jasmina Jonkova.

In Turkey aim was to see dyslexia environment in Turkey so in the morning there was a presentation about the theoretic dimension of dyslexia in Turkey.

-what is dyslexia for us ?

-do we know dyslexia ?

-legal regulations

-initiatives ,supporters and foundations

-applications and precautions

-modern and traditional methods for dyslexia therapy

Head Manager Musa Koroğlu as a teacher who has 30 years education experience shared his experiences about the learning difficulties particularly about dyslexia.

After the presentations and experience sharing meeting it was lunch time.

After lunch time Head Manager Musa Koroğlu,Contact Person Serpil Kalkan and Jasmine Jonkova from Bulgaria Dyslexia Organization visited three foundations interested in dyslexia .

First visit was to a school called Atatürk Primary School to see what do schools do for dyslexic children. Atatürk Primary School is a public school. We wanted to show public initiatives and government support for dyslexia also the process of diagnose,roles of teachers and psychological consultants working at school.

Atatürk primary school's psychological consultant and manager were ready there to inform us. After school visit,same group visited a private organization called YÜKSELEN dealing with learning difficulties.Here we talked with experts ,psychological consultants,teachers and manager. There we saw the labs,material and children who are educated.In this center, under dyslexia umbrella there are separate experts who deal with different dyslexia kinds for example if a child has difficulty in letters ,s/he is supported about the letters ,if the problem is about the numbers,maths then support will be about maths.Dyslexia specific therapies and educational plans are applied for children.

As the final stop, we visited the Psychological Consultancy and Research Center. There we talked with experts, manager and psychological consultant about the government policy, diagnostic tools, plans that is used, therapy kinds used etc... Then we visited classrooms for defected children.

With the thanks and greetings of the organization, the visit was concluded at 17.30, local hour.

10th of December

In the morning there was a short meeting to evaluate the study visit and certificate distribution. Head Manager Musa Koroğlu expressed that he would be happy to see other partners, too. Jasmina Jonkova expressed that similar applications are available in Bulgaria too, still presentations and the visits were impressive and informing for her. And study visit finalized with good wishes.

Granada Study Visit Report, 24th of February 2012

The study visit has been held in Granada on Friday, February 24. Lydia Castillo opened the meeting, welcoming the participants. All the Partners of TIPS Project attended the visit. In the morning we made a brief summary about e-book development status. The Polish partner made a presentation of their draft ebook, showing the contents. Then, Prof. Passafiume made a brief presentation on some tips for carrying out the ebook.

After doing the presentations and sharing some ideas, we made the coffee break. Following the agenda, we introduced Mr. Jesús Barrón, General Manager of European Institute of Graphic Sciences. Mr. Barrón held a conference entitled "Dyslexia and Graphology". He explained the problems faced by children with dyslexia and the most common mistakes for the detection of dyslexia. After the conference we took a break for lunch. We continued with a brief summary of dissemination status updated by the Turkish partner Mrs. Serpil Kalkan.

Then, we exchanged some ideas about the website of the project. We exchanged ideas on the website of the project. Jasmina Jonkova, the Bulgarian partner, suggested make some changes to the website of the project.

It was the turn for Aurora Puccio, form CO.RI.S.S., who distributed the evaluation questionnaire together with a dossier on WP8 Quality Mangement among all participants.

Finally, all the partners discussed the dates for the nexts study visits in Romania and Poland.

With the thanks and greetings of the organization, the visit was concluded at 17:00 local hour.

ROUSSE Study Visit Report, 23rd of March 2012

The visit at the Bulgarian Association for Dyslexia - Ruse was held on Friday, 23rd march, 2012. Jasmina Yonkova opened the meeting and welcomed the participants. She introduced this meeting's guests; Mrs Ginka Ivanova, the managers of the Resource Center - Ruse and Eleonora Belcheva, a special pedagogue.

Representatives of all partner organizations, except those from Spain, participated in the meeting. The Bulgarian party was represented by Biserka Ivanova, manager of a Social Services Center, Galina Gancheva, psychologist, Tsvetelina Malcheva, speech therapist, Boryana Karapejcheva - musician, as well as sanya Dimitrova, Yavor Krastev and Simona Dimitrova.

The presentation of the Bulgarian model for support of children with special needs started with a report of Mrs Eleonora Belcheva. She introduced the Bulgarian Law Documentation concerning the subject and the structure of the centers for resource support. These centers are financed by the State. Mrs Biserka Ivanova presented a second type of centers for social services, namely Day Centers for Children with Intellectual Deficiency. This type of service is financed by the Municipality. It is this second type of centers that children with dyslexia can find support at.

Mrs Jasmina Yonkova introduced a private center for working with dyslexic children. She also introduced the New Star program which is an authentic correction program, based on the Austrian AFS method of Dr Astrid Kopp-Duller.

After a short coffee-break, the meeting continued with presentation of the project activities and the stages in the work on the books by each partner. Mrs Aurora Puccio made an overview of the project activities and presented the book of their team. Presentations of the books from the rest of the partners followed. It was confirmed that all teams work on the book, deadlines will be met and the book will be finished on time as planned.

After closing the meeting, there was lunch at the restaurant of Buddha House.

After lunch, the guests had a road trip around the town of Ruse. The guide told them stories about the history and the architecture of the town.

The trip ended at the Urban Lifestyle Museum. At the museum, there was a short concert from popular music, favorite to the ladies of the urban high life in 18th and 19th centuries. In this way, the guests could savor for a while the atmosphere of the Bulgarian urban lifestyle that in those times was very similar to that in Austria. Because of this, the town of Ruse is often called the Little Vienna.

CRAIOVA Study Visit Report, 30th an 31st of May 2012

Meeting in Romania - Craiova started on the first day-30 May 2012 with a study visit at special school “Sfantul Vasile” , where meeting participants have known children with dyslexia, and another learning disabilities.

Participants visited the school and kindergarten, discussed with teachers and educators, watched a electronic presentation of this special school and a speech therapist has presented a case study- about a girl with dyslexia and another disabilities who attended school from kindergarten to eighth grade, watching the progress until at university level.

After the visit present the meeting agenda and we made a presentation of current stage of the project in term of the work plan and products.

Before lunch we took a walk in the park with all the team project

After lunch we continued meeting at Save The Children organization with the next point of agenda.

We discussed the quality management with Italian partner .Aurora present the quality management from WP8.

From WP6, Sania from Bulgaria present the accreditations state, all partners have an overview of accreditation status faction.

The last item on the agenda of the first day was to present the guide for running’s workshop in each partner language. We watched presentations Bulgarian partners, Italian and Turkish and the Romanian guide.

Meeting materials are listed and put into agenda for each participants to Romanian meeting.

We ended the first day of the meeting with Romanian traditional evening.

Meeting the next day 31 May- began with another study visit to the School Center “Beethoven”, school where children with dyslexia and other disabilities can continue education. In the school center, partners experienced team of professionals who serve children in recovery and the team of teachers who help this children to learn.

Partners have visited the school and workshops where children and young people develop their practical skills and are trained to practice as a tailor or mechanical trades.

They could meet and sensitive side of these children and young , was invited to a dance program by the school dance team composed of completely deaf dancers.

They delighted us with a dance program taught movement to movement and with more confidence in their skills.

After the study visit , next point of meeting agenda was a International Conference – Tips For Parents of Dyslexic Child, a continuation of the project carried out together with our project partners.

The conference took place in the conference room of the Museum of Art in Craiova , his role being to to realize the significance of the notion of dyslexia, to knows the causes, symptoms , treatment and recovery methods in the field of dyslexia.

The conference was attended by Romanian specialists – teachers from public school, teachers from special education , speech therapists , psychologists and our project partners.

We invited the local press and has been disseminated in media, because is very important that the general public to be informed about the disorder so little known in Romania like dyslexia

Romanian specials presented materials, studies case you have to the attention of project partners. At the conference were invited local authorities, they can play an important role in developing support programs for dyslexic children in the future.

Conference organized by “Save the Children “- Branch Dolj was held in partnership with County School Inspectorate and General Direction of Social Assistance and Child Protection –Dolj and with the help of County Council Dolj .

Also we had invited two experts Grundtvig from Romania : Florentina Anghel and Andreea Samoila, this experts analyzing the stage of projects in which our organization “Save The Children” is involved.

After the conference followed the presentation stage of e-books. We watched e-book presentations from Romania, Italy , Bulgaria and Turkey in PDF format and in e-pub format and we discussed about the difficulties encountered in their implementation

Partners present e-book in English version and in their national language.

In final we made the attendance list and meeting evaluation form we will complete in electronic format after meeting.

Changes in the agenda were due to lack of partners in Spain and Poland.

We thank the partners who have come to the meeting in Romania and to other specialists from Romania who participate to the conference.

PART 2 THE RESULTS. Evaluating the satisfaction of partners and users.

The second part of this Report will deal with satisfaction of the project partners and of the e-book users. This will be done respectively in chapter 2.1 and 2.2.

Quoting the first Report, the evaluation by partners “is about the way all partners look at the project development. Are they satisfied? Are aims, tasks and procedures understood and accepted?”

The evaluation by users, on the other hand, gives us the possibility to understand if we have made a good job; namely, to know if our main product, the e-book, is really useful.

In both cases, we used evaluation forms to ask people what they do think; than the collected data have been processed and put into diagrams.

2.1 Evaluation by project partners: the Meetings; the project trend

We collected data from all the Project Meetings (from November 2011 to July 2013) and distributed a general evaluation form about the project trend.

Looking at the results, it is possible to state there is a high level of satisfaction among the partners about the meetings and about the project performance in general. This satisfaction is also confirmed by the Report elaborated at the end of each meeting. They all show a high degree of interest, involvement and, last but not least, enjoyment about the way the host partner has organized the meeting.

The Meetings data

In succession, the meetings data from:

- Vasto, Silifke, Granada, Rouse, Craiova and Cracovia, from the first year activity;
- Granada and Cracovia from the second year activity

The General evaluation

After the tables from the Meetings, the Evaluation of the project in general.
